Portfolio

Career Objective

An enthusiastic BCA student eager to secure an internship in Full-Stack or Front-End Web Development. Seeking an opportunity to work in a professional environment, contribute to real-world projects, and enhance my technical skills in building scalable and high-performance web applications.

Education

GNIOT Institute of Professional Studies

Noida, Uttar Pradesh

Bachelor of Computer Applications (BCA)

Aug. 2024 – June 2027

- Relevant Coursework: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks, OOP
- Active participant in open-source communities, and technical events

Technical Skills

- **Front-End:** HTML, CSS, JavaScript, React.js, Tailwind CSS
- **Back-End (Basics):** Node.js, Express.js
- **Database & ORM:** MongoDB, Mongoose
- **Version Control & Tools:** Git, GitHub, VS Code
- **Programming Languages:** C, C++, Responsive Web Design, API Integration

Internship Experience

Edunet Foundation (AICTE & IBM SkillsBuild)

May 2026 – Jun 2026

Artificial Intelligence Intern

Remote

- Completed a 6-week AI internship under AICTE and IBM SkillsBuild.
- Worked on Machine Learning fundamentals, AI tools, and practical projects.

InAmigos Foundation

May 2026

Web Developer Intern

Remote

- Built responsive web interfaces using HTML, CSS, JavaScript and React.
- Collaborated with developers on UI improvements and debugging.

Projects

Website for Shops | HTML, Tailwind CSS, JavaScript, Next.js

2025 – 2026

- Built a responsive website for local shops to showcase products and services online.
- Designed clean UI with smooth animations and optimized for mobile devices.
- **Website 1 | Website 2**

ToDo App | HTML, CSS, JavaScript, React, Vite

2026

- Built a responsive ToDo application with a clean and intuitive UI/UX for easy task management.
- Features include add, edit, and delete tasks with toggle to view all or only unfinished todos.
- Implemented localStorage persistence to retain tasks across browser sessions without a backend.
- **Live Site | GitHub**

Personal Finance Tracker App | HTML, Tailwind CSS, JavaScript, Next.js

2026

- Developed a Finance Tracker web application to manage income and expenses efficiently.
- Integrated data visualization using charts (pie chart & bar graph) for expense analysis.
- Features like expense categorization, real-time balance calculation, and monthly income tracking.
- **Live Site | GitHub**

Certifications & Achievements

- **HTML Course:** STP Computer Education (ISO 9001:2015, Govt. of India – MSME); Grade A | Aug–Sep 2023
- **Introduction to JavaScript I:** Saylor Academy (PRDV401) | Feb 2026
- **Web Development with MERN Stack:** EduBridge (supported by Infosys Foundation & Nirmaan.org); Grade A+ | Dec 2025
